

**NARHAMS Model Rocket Club
Presents a “How To” Workshop
To Prepare for
The American Rocketry Challenge**

FOR: Washington D.C. area TARC Teams

WORKSHOP DESCRIPTION:

We will present insights to prepare for the TARC program. We will talk about resources available to your team. We will talk about TARC rocket construction tips. We will talk about developing a launch practice and qualification strategy.

WHEN:

Saturday October 01, 2022 starting at 6:00 p.m.

WHERE:

Hap Arnold Center on the west end of College Park Airport. Use “6709 Cpl. Frank Scott Drive College Park, MD. 20740” for directions.

REGISTRATION:

Email the NARHAMS Editor Sarah Jackson at edandcee@gmail.com Provide your Team’s name, location and number of persons attending. Let us know if you’ve participated in TARC before.

WEBINAR INFORMATION:

Information on how to access the workshop webinar will be emailed to the registered teams in the early afternoon of October 01, 2022.

PRINCIPAL INSTRUCTOR:

James Miers – TARC mentor and launch range duty volunteer at the TARC Finals.

COST: Free

ABOUT NARHAMS: www.narhams.org

NARHAMS members have been volunteering at the TARC Finals since its inaugural event. We have had members engaged as Mentors to TARC Teams. We provide launch services for Teams conducting practice and qualification flights.
